I am Lisa Williams, and will be your guide through this course at CSU.

I am a native Floridian and completed all of my education, with the exception of a Master's in Business, in this state. I hold a Bachelors of Science degree in Social Work and a Master's of Science degree in Education with an emphasis on Instructional Design and Technology from the University of West Florida in Pensacola, Florida. The Masters of Business was completed at CSU.

I have spent the past 20 years as a teacher, either in a face to face setting or online and loved every minute of it.

If this is your first class at CSU, let me assure you that I am here to answer any question you have and to assist you in the successful completion of my class. I hope you enjoy this class and gain the useful knowledge it provides to assist you in furthering your education.

Please don't hesitate to email me with any questions you may have, and I will respond quickly. I check my email several times a day most days. So you can be sure any question you have will be answered within a few hours. But be sure to give me a chance to answer it before you take a chance on something you are not sure of and submit your assessment.

Good luck to you.
