Biography

Background
Professor Joos began his fire service career in 1985 and has worked for three agencies: Clearfield Fire and Rescue, UT (Career), Payson Fire and Rescue, UT (On-call/Paid) and Gonzales, LA. Professor Joos has worked in state fire training for Utah, Louisiana, and now Nebraska.

In addition to a master's in fire science, Professor Joos has completed his course work and his general exams for his PhD from LSU in workforce development and is currently working on his dissertation.

Professor Joos has been married to Carla for 33 yrs and has three sons: Nathan (wife, Shauntelle; children: Chloe and Gavin) who is a firefighter/paramedic with the City of Gonzales, Jordan (deceased), and Dallan who develops gaming systems for EA Sports.

CSU Story
Professor Joos has been a member of the faculty at CSU since March of 2007.

Additional Information

Awards:
- Executive Fire Officer Grad from National Fire Academy
- Chief Fire Officer - Center for Public Safety Excellence
- "Fellow" Recognition with the Institution of Fire Engineers

Teaching Philosophy
Students in the online world are working adults and have chosen online learning as a means to accomplish a degree in higher education. I am here to assist in that learning process and will work with students in any way possible within university policy. The key to success in the online world is communication with everyone involved from student representatives, financial aid, IT, and faculty. We want you to succeed.

Advice for Current Students
Set time aside on a daily basis to read and complete assignments. By doing this you’ll stay current and enjoy the online learning process. When you get behind and are struggling with getting current, reach out to me and let me help you. That’s what I’m here for, to help you be successful.
